# TalkN TouchTones™

TELEPHONE TIME CLOCK *A DeskTop Magic Design*

**KEEP TRACK OF YOUR WORKERS  
WHEN YOUR WORKERS ARE  
OFF-SITE!**

Like  
**Hooking A Telephone  
To A Time Clock**

TalkN TouchTones™ is the ideal way to input time for off-site employees.

TalkN TouchTones™ has user friendly voice menus that request employee ID and job number - which are repeated back and validated. Employee is logged in or out (depending on last transaction) in less than 30 seconds.

**TalkN TouchTones™ has multi-lingual capability and can be interfaced to most computer-based payroll systems.**

**The TalkN TouchTones™ System includes Voice & Tone Processing Hardware and Software.** The price of a two line, TalkN TouchTones™ system is \$2,500.00. Additional two line systems are \$1,200.00 each. Charges for building a custom interface to payroll systems are assessed separately. Minimum Hardware Requirements: 386 PC or better with a 100Meg+ hard drive.

## **TalkN TouchTones™ IS ALSO A VOICE MAIL AND FAX-BACK SYSTEM**

Callers with the proper clearance can use touch tones to branch to Voice Mail, or to Page Supervisors. Off-site supervisors also have the ability to receive staffing reports by fax.

## **OTHER SOFTWARE FROM DESKTOP MAGIC:**

### **TimeChief™ Personnel & Payroll Software**

TimeChief™ manages personnel information, computes hours, taxes, net pay and produces payroll reports.

### **TimeChief™ INPUT MODULES:**

- \* TalkN TouchTones Interface
- \* Electronic Time Clock Interface
- \* Scanner Interface

### **TimeChief™ OUTPUT MODULES:**

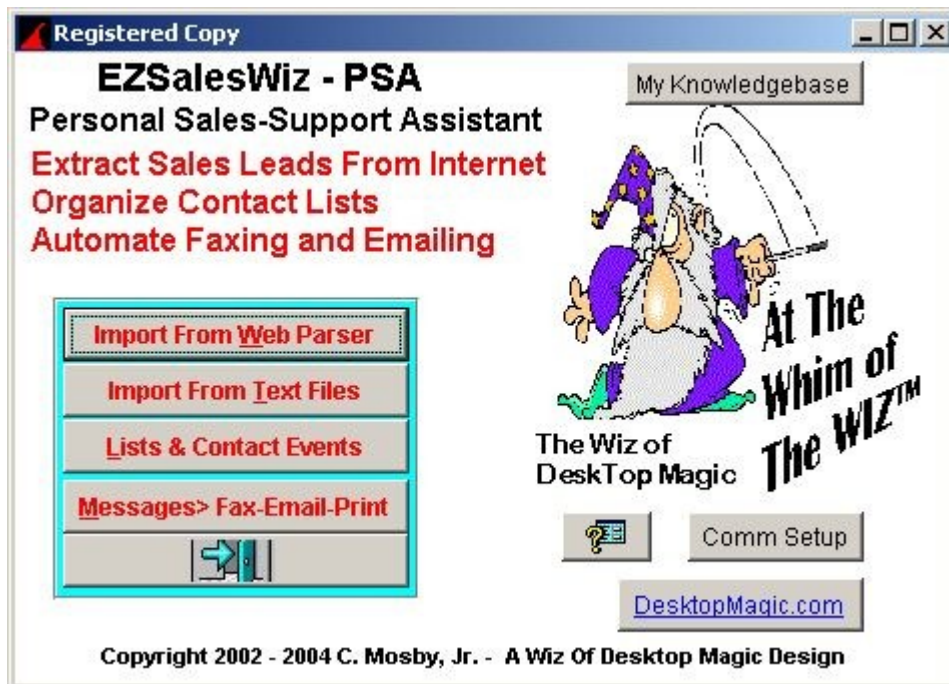

- \* Payroll Check Writing & Check Register Reports
- \* ADP Payroll Service, Direct Data Input Interface
